

Certified Full-Stack Developer (BigNova School) with **1 year of professional freelance experience** building scalable, high-performance web applications and digital platforms. Expertise spanning **React, Next.js, TypeScript, Node.js, Express, and modern databases**. Combines robust full-stack architecture with pixel-perfect design fidelity, 100 Lighthouse performance scores, and fluid interactive motion. Proven leadership experience as **Coordinator** and former **Logistics Manager** at **Bytecrafter Club**.

 PROFESSIONAL EXPERIENCE & LEADERSHIP

- Freelance Full-Stack Developer • Independent Practice** 2025 – Present (1 Year)
- Architected and delivered end-to-end full-stack web applications for commercial clients (e-commerce, healthcare portals, business platforms).
 - Built performant frontends with **React, Next.js (App Router), TypeScript**, and **Tailwind CSS**, securing 100 Lighthouse scores.
 - Implemented secure backend architectures, RESTful APIs, and database models using **Node.js, Express, MongoDB**, and **PostgreSQL**.
 - Created engaging interactive user interfaces with **GSAP** scroll animations and responsive micro-interactions.
- Coordinator • Bytecrafter Club** 2025 – Present
- Lead and supervise overall technical programs, hackathons, and software workshops for computer science engineering students.
 - Facilitate cross-team synergy across development, UI/UX design, and logistics branches to ensure smooth execution of flagship initiatives.
 - Mentor junior developers in modern full-stack workflows, clean code principles, and collaborative Git practices.
- Logistics Manager • Bytecrafter Club** 2024 – 2025
- Directed end-to-end operational planning, resource procurement, and venue logistics for major tech symposiums and coding competitions.
 - Managed event operational schedules, vendor communications, and on-site crisis resolution under tight project timelines.

 SELECTED ENGINEERING PROJECTS

- Morning Crumbs — Artisanal Bakery & Ordering** React • Redux • Node.js • Express • Tailwind
- Full-stack bakery platform with interactive catalog, bag ordering, real-time tracking, and custom branded UI.
- Coffee Boost — Artisanal Coffee & Ordering Platform** Next.js • React • TypeScript • Tailwind
- High-performance cafe portal featuring interactive specialty brew catalogs, real-time ordering, and mobile UX.
- Unicare Clinic — Healthcare Portal & Workflow** React • Next.js • Tailwind • REST API
- Clinical portal facilitating doctor appointment scheduling, patient records, interactive search, and confirmation flows.
- Bylka Bio — Commercial Brand Platform** React • Node.js • GSAP Motion • Tailwind
- Bespoke freelance client web platform featuring interactive storytelling, organic product ecosystem showcases, and custom GSAP scroll-triggered animations.
- Thazdayth & Veto Care — Full-Stack Management Apps** Node.js • Express • PostgreSQL • MongoDB
- End-to-end full-stack applications with authenticated dashboards, veterinary and clinic workflows, relational and document data modeling, and robust API endpoints.

 TECHNICAL SKILLS

- Frontend Architecture**
React.js Next.js (App Router) TypeScript
JavaScript (ES6+) Tailwind CSS
HTML5 / CSS3 Redux / Zustand
- Backend & Databases**
Node.js Express.js RESTful APIs
PostgreSQL MongoDB Python SQL
- Motion & UI Engineering**
GSAP ScrollTrigger Framer Motion
Micro-interactions Responsive Layouts
- Tools & Workflow**
Git GitHub Postman Vercel
Linux / CLI

 EDUCATION & CERTIFICATION

- Certified Full-Stack Developer**
BigNova School
Full-Stack Development Certification
- Engineering Degree in Computer Science & Digital Technologies**
ESTIN (Higher National School of Computer Science)
State Engineer Degree • 2023 – Present
- Baccalaureate in Mathematics**
National High School Examination
Grade: 17.00 / 20 — High Honors

 COMPETENCIES & SPOKEN

- Event Coordination Operations & Logistics
- Clean Code & Design Systems
- Agile / Problem Solving Technical Mentorship
- Languages:** English (Fluent / Professional), French (Bilingual / Professional), Arabic (Native)
